

Instruction Manual

Thank you for choosing our Traditional Sauna!

Due to our continued product improvement, product illustrated on this instruction manual may vary slightly from the actual product.

IMPORTANT SAFETY GUIDES

READ AND FOLLOW ALL INSTRUCTIONS

- A) Extending Socket or other electric appliance is forbidden to be used inside the cabin.
- B) Any lock or latch system must not be fixed to the door of the sauna room, malfunction of which may cause entrapment inside the sauna room.
- C) Open the ventilation window if you feel choking when using sauna room.
- D) Don't use infrared sauna when you are hyperthermia.

The occurrence of hyperthermia: Hyperthermia occurs when the internal temperature of the body reaches a level several degrees above the normal body temperature of 98.6°F (37°C).

The symptoms of hyperthermia: The symptoms of hyperthermia include an increase in the internal temperature of the body, dizziness, lethargy, drowsiness, and fainting.

The effects of hyperthermia: Failure to perceive heat. Failure to recognize the need to exit the room. Unawareness of impending hazard. Fetal damage to pregnant women. Physical inability to exit the room. Unconsciousness.

WARNING: The use of alcohol, drugs, or medication may lead fatal hyperthermia.

- E) Without authorization from the local electrical inspection institution, any modification to the sauna room is illegal.
- F) Warning: To avoid electric shock or burns, do not operate the sauna room unless heating safety guard is properly installed.
- G) Do not take any flammable materials into sauna room at any time to avoid fire.
- H) Other safety warning:
 - a) Exit immediately when feels uncomfortable, dizzy, or sleepy if stay in the sauna room too long time.
 - b) Supervise children and retarded persons when they are using sauna room at all times.
 - c) Pregnant woman, who in poor health or under medical care should follow the doctor's advice before using the sauna room.
 - d) Using sauna room will cause unconsciousness if over drunk or over taken medicines.
 - e) Please contact maintenance person if sauna room has problems.
 - f) Disconnect sauna room power supply from wall socket before maintaining.

THE MANUAL MUST BE KEPT AVAILABLE FOR FUTURE MAINTENANCE.
